01

About the **Brand**

wTvision

wTvision creates integrated broadcasting solutions based on software development, graphics design and branding, live operations, and human resources outsourcing, thanks to its flexibility and comprehensive knowledge across different fields within the industry.

From small one-time broadcasts to some of the most important competitions on the planet, wTvision takes part in thousands of broadcasts every year and has experience in more than **60 countries**.

When writing wTvision, the TV should be uppercase and the rest of the word is lowercase, including the w. For reference, wTvision is pronounced 'w-T-Vision'.

02

Primary Logo

It serves as a powerful symbol that helps audiences instantly recognize wTVision's products, web presence, advertisements, and other materials. Consistency in its usage is crucial for maintaining brand strength and conveying our core values and attributes.

02

Primary Logo

The purpose of our logo is to establish a strong and memorable brand identity.

It acts as a visual anchor that represents our company's professionalism, innovation, and commitment to excellence. When using the logo in a crowded environment we suggest using a clearspace around the logo. This might be in a situation where the logo is seen in context with other different logos.

Safe margins:

Minimum size:

wTVISION | 21px

90px

03

Secondary **Logo** and Variations

It also can be used when the primary logo is not necessary or in cases where the brand name is already displayed in plain text.

03

Secondary **Logo** and Variations

wTVision's primary and secondary logos can be used in various contrasting backgrounds.

04

Unacceptable Usage

— Don't use against low contrast.

— Don't rotate it.

— Don't use gradients or shadows

— Don't stretch or squeeze it.

— Don't use busy backgrounds.

— Don't use other colors.

06

Typography

Typography is a crucial element of our brand identity.

It helps to establish a distinct and recognizable voice for our brand. Careful use of typography reinforces our personality and ensures clarity and harmony in all wTVision communication.

10

Grammar and **Formatting**

To maintain consistency on all communications front, follow this best practices and specs.

Date Format:

"August 6" "Between August 6 and 12"
"From August 1 until August 12".

Capitalization:

- wTVision's solutions should always start with a capital letter.
EX: Sports Solutions, Elections, Production Control Room.
- Products should always be mentioned according to the official list (*See page 14*) and the official name given on all promotional material. *EX: wTracker, AR³ Football, Go Social.*
- All projects wTVision is a part of must start with a capital letter, as well as the different sports covered by the company.
EX: Grande Jornada, Football.

Quotations:

- Quotations should be marked with " "
- Quotations within another quotation should be marked with "

Italics:

- The use of italics is not mandatory but optional. When using an loanword or loan expression, italics are accepted, as well as in quotations.

Numbers & Values:

Thousands: **1 000** Decimal: **1, 15** Currency: **205€ / 205\$**

11

Tone of **Voice**

Complement the company tone of voice using the following best practices and specs.

Website News:

This kind of content should be short, informative, demonstrative of wTVision's capacity and appealing. Used for promotional purposes, it should contain the majority of the information without long sentences or descriptions.

Social Media:

Informal language and short descriptions. Social Media offers more freedom than most communication channels: the tone can be adjusted according to the subject, content and platform.

Press Release:

Written to report newsworthy content. No adjectivation and close to the final content of an purely informative piece. Press Releases should be straight to the point and answer the questions: who, what, where, when and how.

Case Studies / Brochures:

Purely technical, but understandable to most people that get access to the information. Language should be distant and formal, adjectivation kept to the essential with the main goal of better inform about wTVision's solutions and products, with practical demonstrations.
